

## VCH Non Health Care Setting Respiratory Illness Investigation Workflow

### High-risk settings include:

- Assisted Living (non-health care or LTC affiliated)
- Corrections/jail
- Shelter/extreme weather refuge
- High-risk workplaces (e.g. food processing plants)
- Group homes
- Hostels
- SROs
- Low-barrier community resources (e.g. adult day programs)
- Work Camps
- Non-health authority affiliated treatment centres
